MEMORANDUM FOR

Executive Secretary  
Central Intelligence Agency

SUBJECT: Selected National Security Issues Book

It is time to revise the Selected National Security Issues Book to be published in January, 1987. This book provides a concise, unclassified explanation of current key policy issues and suggested talking points to illuminate administration policy objectives.

In the past, your organization has been very helpful in suggesting changes, updates, and additional items. These contributions ensure a high caliber product and, therefore, I solicit your comments again. Please forward these no later than Monday, December 15, 1986.
